COPYFAX PARTNERSHIPS

CopyFax has been the exclusive provider of copiers, printers and fax to the Jaguars since 1995. Go Jags!

Worldwide Entertainment and Convention Venue Management

CopyFax provides copiers, printers and fax to SMG. SMG manages the premier entertainment and convention venues in Jacksonville including the Veterans Memorial Arena, the Municipal Stadium, and the Prime Osborn Convention Center.

CopyFax shares in Habijax's vision for quality and affordable housing for all of Jacksonville's residents and are proud to contribute through the volunteer efforts of our employees. We also provide document management solutions for Habijax.

CopyFax supports the Community Hospice of Northeast Florida who has provided end-of-life care for the past 25 years. Community Hospice strives to provide comfort, maintain dignity and improve the quality of life for their clients. CopyFax is proud to provide managed print services for Community Hospice.

Each year we collect and donate Christmas gifts for the Children's Home Society of Florida. The Society offers a variety of services such as adoption, search and reunion services, foster care and safe haven services.

COPYFAX SERVICES

Document Management

We combine document and data capture, process automation, workflow, imaging and secured access in a single, browser-based application. We enable you to innovate your business operations, increase productivity and share information among employees, partners, and customers.

Managed Print Services

Keep your equipment! Our experts are able to service almost any device regardless of make or model.

Through the use of @Remote software, we proactively manage your devices by monitoring the supply level and service status of your equipment and conduct automated meter readings. By outsourcing your print management to CopyFax you are able to focus on the core competencies of your business while we focus on maximizing your equipment's productivity.

Disaster Recovery

If a disaster struck, are you confident that your business's data would be adequately backed up? With the high-cost associated with data loss, it's vital for businesses to invest in the right strategy for protection. The answer is simple: let us do it for you. Our backup and recovery technology will ensure that your information will be there when you need it. It also provides firewall, antivirus and antispam security services designed to protect your network and systems so that you can stay focused on business with minimal disruption.
